3. In our last annual Report we mentioned that from March 1895 to March 1896 there had been a decrease in the average daily number of persons relieved in and out of the work-houses as compared with the number relieved in the preceding year.

We have now to report that the returns for the weeks

included in the statement on pages 2 and 3 show that the daily average number of persons who received in-door relief from March 1896 to March 1897 was greater, and the daily average number in receipt of out-door relief was less, than in the year dealt with in our last Report. The daily average number in workhouses was 40,814, in public institutions and the District Schools 1,415, and on out-door relief 54,469, making a total of 96,698, which is less by 1,485 than the total daily average in the preceding year, and is also less than in any year since 1880-1, in which year there was widespread distress in the country and the daily average number relieved amounted to 114,679. For some years afterwards there was a decrease until 1886-7, when distress again occurred and the daily average increased to 124,945. From that time to the present there has been a decrease year after year in the daily average number relieved, and the highest average during those ten years represented 1 in 43 of the population of Ireland, or 2·31 per cent.

The daily average number relieved during 1896-7, viz., 96,698, amounted to 1 in every 47 of the population of the country as estimated by the Registrar General at the middle of 1896,* or 2·12 per cent., being ·93 per cent. for in-door relief, and 1·19 per cent. for out-door relief, as shown in the tables on the preceding page. The greatest number relieved at any one time during the period was 102,145 (on the 6th of February, 1897), and this represents 1 in 44 of the population, or 2·24 per cent.†

4. EXCEPTIONAL OUT-DOOR RELIEF.

It has been already mentioned that the average daily number in receipt of out-door relief in all Ireland throughout the year 1896-7, taken as a whole was less than in the preceding year, but during the last ten weeks given in the table on pages 2 and 3, viz., January 16th to March 20th, 1897, inclusive, there was an increase each week in the numbers on out-door relief as compared with those in the corresponding weeks of 1896. This increase is attributable to the relief afforded in the west of Ireland in districts which became affected with distress by reason of the partial loss of the potato crop.

The autumn of 1896 was unfavourable to the harvest generally, and in low-lying lands along the north and west coasts the continued rains did much damage to the potato crop. In August and September it became evident from the reports of our Inspectors that towards the end of the year an increased demand for relief might be expected in the north-west of Mayo and in Connemara, and urgent representations were made to us by the Boards of Guardians in these districts on the subject of the apprehended distress. These communications were placed before Government, and it was decided to introduce a Bill for the purpose of temporarily relaxing the restrictions in regard to the

* See column 2 of the table on page 3.

† The paupers relieved in England and Wales on the 1st of January of last year amounted to 1 in every 36 persons, or 2·8 per cent. of the population; and during the ten years ended in March, 1896, the ratio of pauperism to population did not fall below 2·6 per cent.

administration of out-door relief which prohibit Boards of Guardians from affording such relief to destitute persons who are able-bodied, or who may happen to be small land holders. In anticipation of this measure passing into law, we were authorized to empower Boards of Guardians to afford such relief to these classes, and in pursuance of this authority we have allowed out-door relief to be given in the Unions of Belmullet, Westport, Killala, Oughterard, and Kilrush to all such destitute persons as might be considered by the Guardians to require it.* Up to the present the numbers so relieved have not been very large except in Belmullet Union, in which upwards of 900 persons have been added to the relief lists chiefly from three electoral divisions in the northern part of the Union.

Apprehensions were entertained early in the year that a sufficient supply of sound potatoes for seed might not be obtainable in the country, and Government intimated their readiness to introduce a measure to provide for the supply of seed potatoes in the event of a desire being expressed for it throughout the country. This offer met with no general response however, only two Unions having declared in favour of the proposal; and this fact, taken in connection with the low price of seed potatoes in the local markets, plainly indicated that notwithstanding the partial failure of the crop in the western part of the country there has been no such general scarcity of potatoes during the spring of this year as would render the importation of foreign seed a matter of necessity.

In order that we might be kept constantly advised of the condition of the people in the Unions above mentioned we obtained authority for a temporary increase of our staff of Inspectors by two, and by a re-arrangement of the districts the Inspectors in charge of the distressed Unions are enabled to frequently attend the meetings of the Guardians and exercise supervision over the administration of exceptional relief, while they also carefully observe whether the financial resources of the Unions are adequate to meet the additional charges thrown on the poor rate.

5. SEED POTATOES SUPPLY (IRELAND) ACT, 1895.

It will be seen by paragraph 6 of our last Annual Report that the Boards of Guardians of sixty-five Unions availed themselves of the provisions of this Act, and procured loans to the net amount of £53,316 for the purpose of supplying seed potatoes on sale to such occupiers and cultivators of land in their respective Unions as were unable through poverty to procure a supply for themselves.

Under section 3 of the Act one-half this amount, viz. :—£26,658, became due to the Board of Works on the 1st of August, 1896, and of this there has been paid £25,930, leaving £728 still due by four Unions in respect of the first instalment.

* The letters authorizing the extension of out-door relief will be found in the Appendix, page 72.

6. SEED POTATOES SUPPLY (IRELAND) ACTS, 1890 AND 1891.

As mentioned in previous Annual Reports these Acts were put into operation by the Boards of Guardians of 110 Unions, and the amount which became due to the State in respect of loans advanced for a similar purpose to that mentioned in paragraph 5 was £240,405.

One Union remains indebted under these Acts, to the extent of £812.

7. SEED SUPPLY (IRELAND) ACT, 1880.

The net amount of the loans advanced under this Statute to the Boards of Guardians of 153 Unions was £598,306, of which £587,449 has been repaid and £4,282 cancelled, leaving £6,575 still due by nine Unions.

The returns for 1896-97 summarized above show an increase in the number of persons relieved in workhouses in ten of the weeks included in the table as compared with the corresponding weeks of the previous year. There was a decrease in the number of persons who received out-door relief in nine of the weeks given in the table, and an increase in the remaining three weeks. This increase in out-door relief is referred to on page 5.

Of the total daily average number relieved during the period of

* A yearly rate of mortality cannot be accurately determined as the number of individual persons relieved in workhouses during the course of a year is not ascertainable. This arises from the fact that the same person may be relieved several times during a year, and on each occasion is counted as a separate admission.

fifty-two weeks ended on the 26th of September, 1896, viz., 40,320, it appears by column 9 of the foregoing table that 16,932 persons, that is 42 per cent. of the whole, were sick and under treatment in the workhouse hospitals. During the six years from 1890 to 1895 the daily average number of sick persons in the hospitals varied from 40.5 to 42 per cent. of the total daily average number of inmates.

11. The following table shows the number of persons in workhouses at the commencement of each year during the last thirty-one years ended on the 29th of September, the number of admissions each year, and the number of births and deaths.

Compared with the year ended on the 29th of September, 1895, it will be observed from the above table that last year there was a decrease of 5,053 in the number of admissions in sickness, and an increase of 22,848 in other admissions, thus showing a net increase of 17,795 in the total number of admissions. There was a decrease of 228 in the cases of "fever or other infectious disease" admitted for treatment, and the number of persons in

workhouses at the commencement of the year with the admissions and births during the year was greater than in 1895 by 17,437.

The deaths during the year amounted to 8,403, being a decrease of 1,526 on the number in the preceding year, and among them were those of 3,329 persons aged 60 and under 80, and 1,137 persons aged 80 and upwards. Included in the latter there were 15 centenarians.

12. The following table which has been compiled from weekly returns furnished by the Clerks of Unions exhibits in the accustomed form a classification of the causes of death in workhouses in each period of four weeks from the week ended the 5th of October, 1895, to that ended the 26th of September, 1896, inclusive.

The numbers of casuals relieved during the weeks given above varied from 2,458 in the week ended the 20th of June, to 5,354 in the week ended the 20th of February last, the average being 3,688. This weekly average was an increase of 124 on that of the previous corresponding period.

14. LUNATICS AND IDIOTS IN WORKHOUSES.

The following summary tables show that the numbers of lunatics and idiots in the workhouses on the 31st of December, 1896, were, respectively, 2,390 and 1,735, making a total of 4,125 (1,708 males and 2,417 females). On the corresponding day in the previous year the total number was 4,346 (1,797 males and 2,449 females). Included in the former there were 86 males and 68 females, and in the latter 90 males and 68 females, who had been transferred from District Asylums under section 9 of the Act 38 and 39 Vic., chap. 67, to four workhouses (Ballymena, Ennis, Limavady, and Londonderry).

The number in each workhouse in Ireland on the date mentioned will be found in the Appendix.

15. ORPHANS AND DESERTED CHILDREN.

The number of orphans and deserted children out at nurse from the workhouses in Ireland under the provisions of the Act

39 and 40 Vic., chap. 38, on the 20th of March last was 2,091 (1,114 boys and 977 girls), being a decrease of 30 on the number at the corresponding date in the year 1896. A table will be found in the Appendix* showing the Unions in which the Guardians have availed themselves of the provisions of this enactment, with the number of children boarded out in each case.

16. INVALID FOUNDLINGS.

In paragraph 17 of our last Annual Report we referred to the survivors of the Invalid Foundlings who, before the introduction of the Poor Law system to this country in 1838, had been maintained as nurse children on the revenues of the Dublin Foundling Hospital but are now maintained by means of a grant annually voted by Parliament. There were, at the date of the Report above alluded to, 15 of these invalids. It will be seen from the last report furnished to us by Mr. D. J. MacSheahan, our Assistant Secretary, by whom the duty of inspecting these invalids and reporting upon their condition from time to time is performed, that no death occurred during the past year. The report referred to is printed in the Appendix.†

17. EMIGRATION.

We now continue the series of emigration statistics by repeating, with one additional year, the table showing the number of persons assisted by Boards of Guardians to emigrate under the provisions of the Irish Poor Relief Acts and the cost incurred for that purpose in each year, that is to say, for forty-seven years ended on the 25th of March last.

18. DISTRICT SCHOOLS.

The number of children maintained in the two District Schools established under the provisions of Section 2 of the Act 11 and 12 Vic. chap. 25, at Trim in the County of Meath, and Glin in the County of Limerick, by the Boards of Guardians of the respective contributory Unions, during the weeks of the year 1896-7, are given in the table on page 3.

On the 20th of March last the number in Trim School was 197, of whom 37 were from Trim, 71 from Drogheda, 39 from Navan, 26 from Kells, and 24 from Dunshaughlin.

On the 13th of the same month the number in Glin School was 250, of whom 24 were from Croom, 36 from Kilmallock, 104 from Limerick, 36 from Listowel, 23 from Newcastle, and 27 from Rathkeale.

19. POOR RELIEF EXPENDITURE.

We now proceed to the statistics arising out of the accounts of the Unions for the year ended the 29th of September, 1896, and we deal in the first place with poor relief expenditure.

From the above table it will be seen that there was an increase of £1,574 in "in-maintenance and clothing," of £3,054 in "salaries and rations of officers," and of £10,828 in "all other poor relief expenditure," while there was a decrease of £8,263 in "out-door relief," and of £2,163 in the "cost of relief in blind and deaf and dumb institutions, and of patients in extern hospitals," making a net increase of £5,025 in the expenditure on the relief of the poor during the year 1896 as compared with 1895.

These percentages are calculated upon the expenditure exclusive of the amounts thereof deducted from income. The sums included from the poor relief expenditure, col. 9, and from the total expenditure, col. 12, are given in the appendix.

It will thus be seen that while the total expenditure for poor relief, medical relief, burial-grounds, sanitary measures, superannuation, payments under the Contagious Diseases (Animals) Act, payments under the National School Teachers Act, and all other purposes was, in 1895, £1,445,567, the expenditure in 1896 was £1,455,061. These sums include expenditure defrayed from loans to the amount of £120,267 in the former year and £145,219 in the latter, so that the actual expenditure from Poor rate and the ordinary receipts of Boards of Guardians in 1895 amounted to £1,325,300 and in 1896 to £1,309,842.

21. FINANCIAL CONDITION OF UNIONS.

I.—Assets and liabilities.

A statement showing the assets and liabilities of each of the 159 unions at the close of the last financial year, exclusive of the receipt and expenditure of loans, is printed in the Appendix.* In 136 unions the financial year ends on the 29th of September, in 17 on the 25th of March, and in the remaining 6 on various other dates, as set forth in the statement.

The following summary shows for each Province the number of unions in which the assets exceeded the liabilities at the close of the financial year, and the number in which the liabilities exceeded the assets, together with the amount of the excess in each case. As regards some of the cases in which the liabilities exceeded the assets we have been furnished by the Clerks of the Unions with explanations to the effect that the rates made for the year's expenditure proved insufficient, and that the deficiency is provided for in the rates at present in course of collection.

22. CONTRIBUTIONS FROM IMPERIAL FUNDS IN AID OF LOCAL TAXATION.

I.—GRANT FOR MEDICAL AND EDUCATIONAL PURPOSES, AND FOR SALARIES UNDER THE PUBLIC HEALTH (IRELAND) ACT.

The following is a statement of the amounts paid to Boards of Guardians from the Parliamentary Grant for medical and educational purposes, and to Rural and Urban Sanitary Authorities for salaries under the Public Health (Ireland) Act, 1878, during the year ended 31st of March, 1896:—

	Amount paid during the Year.

Total for medical and educational purposes, .	83,129 0 8
For salaries under Public Health (Ireland) Act,	16,088 4 10
Total, ...	99,217 5 6

The total amount paid from the Parliamentary Grant for medical and educational purposes during the year ended 31st of March, 1896, namely, £83,129 0s. 8d., is less by £577 10s. 2d. than the amount during the previous year, owing to a decrease in the cost of medicines and medical and surgical appliances for the Workhouses and Dispensary Districts.

The amount for salaries under the Public Health (Ireland) Act, namely, £16,088 4s. 10d., is less by £202 4s. 3d. than the amount during the previous year.

II.—GRANT UNDER PROBATE DUTIES (SCOTLAND AND IRELAND) ACT, 1888.

The amount paid to Boards of Guardians and Road Authorities in Ireland under the above-mentioned Act in respect of the year ended the 31st of March, 1896, was £210,898 14s. 10d., which was distributed as follows:—

	£	s.	d.
Boards of Guardians of Poor Law Unions, ...	105,362	14	7
Road Authorities, ...	105,536	0	3
Total, ...	£210,898	14	10

It is enacted by section 3 of the Probate Duties (Scotland and Ireland) Act, 1888, that, until otherwise provided by Parliament, after the deduction of £5,000 payable to the Royal Dublin Society, the balance of this grant annually distributable in Ireland shall be divided equally between Boards of Guardians of Poor Law Unions and Road Authorities. Under section 5 of the Purchase of Land (Ireland) Act, 1891, this grant forms part of the Guarantee Fund therein provided for, and the inequality in the sums paid to Boards of Guardians and Road Authorities, as shown above, is accounted for by the fact that deductions were made from the grant for the purposes of the fund mentioned, in pursuance of regulations framed under section 6 of the last-mentioned Act.

Under the provisions of section 19 of the Finance Act, 1894, (57 and 58 Vic. chap. 30), this grant, which was formerly payable out of Probate Duties, is payable out of the Estate Duty derived from personal property.

Schedules of the sums paid to Boards of Guardians and to Road Authorities in respect of the grant for the year named above, are printed in the Appendix.*

III.—LOCAL TAXATION (CUSTOMS AND EXCISE) ACT, 1890.

Under section 3 (i.) of the Local Taxation (Customs and Excise) Act, 1890, a sum of £78,000 is paid from the customs and excise duties annually to the Commissioners of National Education

to be distributed for the benefit of the several national schools in Ireland, and by sub-section *b* it is provided that in the case of every national school in a union which is a contributory union as defined by the National School Teachers' (Ireland) Act, 1875, the sum to be distributed shall be paid to the guardians of such union, to be applied in aid of the poor rate (sub-section *c*).

The contributory unions are set forth in the schedule to our General Order of the 13th of May, 1896, which is printed in the Appendix,* and the sums paid out of the customs and excise duties, as above referred to, to the guardians of the 25 unions named in the schedule, on account of the financial year ended the 31st of March, 1896, amounted to £16,357.

IV.—RATES ON GOVERNMENT PROPERTY.

The accounts of the Unions for the year ended the 29th of September last show that the sums received by Boards of Guardians from the Treasury as rates on Government property amounted to £10,668. These receipts are included under the head of "other receipts" in the table Appendix D, No. 1, part 1.

23. MEDICAL CHARITIES ACT.

(14 AND 15 VIC., CHAP. 68.)

We next submit to your Excellency a report of the proceedings under this Act for the year ended the 30th of September, 1896.

The annexed table exhibits, in the usual form, the fluctuations in the number of cases in which medical relief was afforded under the Medical Charities Act during each of the last twelve years ended on the 30th of September, for each Province and for the whole of Ireland.

Compared with the year ended in 1895 it will be seen that last year there was in Munster, Leinster, and Connaught an increase, and in Ulster a decrease in the number of cases prescribed for at the dispensaries, while as regards the cases treated at home there was a decrease in each of the Provinces.

The net increase in the number of cases treated at dispensaries was 2,873, and the decrease in the number attended at home 13,185, making a total decrease of 10,312 in the number of cases in which medical relief was afforded by the medical officers of Dispensary Districts.

25. VACCINATION IN WORKHOUSES.

The numbers of cases of vaccination and re-vaccination performed in workhouses during the same year were, respectively, 788 and 889, making a total of 1,677.*

26. VACCINE DEPARTMENT OF THE LOCAL GOVERNMENT BOARD.

During the year ended the 31st of March last, 2,716 applications for lymph were received from medical officers of workhouses, dispensaries, and other public institutions, from military medical officers, and from private practitioners, and 15,544 points, and 4,229 tubes charged with lymph were distributed. During the same period 1,370 vaccinations and re-vaccinations were performed at the stations in Sackville-street and York-street, Dublin.

27. SMALL-POX.

Infantile Diseases in Dublin.

In continuation of the reference made to small-pox in our last Report, we have to add that a few cases of this disease continued to present themselves in the Metropolitan district during the past year; 22 in all were admitted to Dublin hospitals in 1896, and 4 cases were under treatment during the first quarter of 1897.

The Metropolitan district, from which small-pox has thus been gradually disappearing, has, however, been visited by severe outbreaks of scarlet fever, measles, and whooping-cough. The simultaneous prevalence of these infectious diseases rendered it difficult to find sufficient hospital accommodation for patients in the acute and convalescent stages. Early in the present year the Corporation of Dublin, acting as the Urban Sanitary Authority, advised the managers of infant schools to close the schools for a time, with the view of checking the further spread of these infectious diseases through class association.

The number of deaths in workhouses from small-pox and the number of cases of the disease treated by dispensary medical officers in each of the last thirty-three years are given in the following table.

29. SCARLET FEVER.

The cases of scarlet fever treated by medical officers of dispensary districts in the year ended the 30th of September, 1896, amounted to 3,321, being an increase of 1,070 on the number in the preceding year.*

30. INFECTIOUS DISEASE (NOTIFICATION) ACT, 1889.

This Act extends to any Urban or Rural Sanitary District after its adoption therein. The Authority of any such District may adopt the Act by a resolution passed after special notice to each member. The resolution must be duly published for at least a month before it can come into operation, and a copy must be forwarded to us. The Act provides that where an inmate of any building used for human habitation within a district in which it has been adopted is suffering from an infectious disease to which the Act applies, unless such building is a hospital in which persons suffering from an infectious disease are received, notice shall be sent to the Medical Officer of Health of the District, or, in default, the person by whom the notice should be given, as required by the Act, is liable to a penalty. The infectious diseases to which the Act applies are named in Section 6, but Sanitary Authorities are empowered, by Section 7, to order, by resolution, that the Act shall apply, within their respective districts, to other infectious diseases; any such order, or any revocation or variation thereof, must receive our approval.

Up to the end of the year 1896, 25 Rural and 12 Urban Sanitary Authorities had adopted the provisions of the Act, and, during that year, 606 and 7,766 cases of infectious disease were notified in the Rural and Urban Districts referred to, respectively. A table showing the number of cases notified in each of these Districts will be found in the Appendix.†

The following table shows, more in detail and under the usual heads, the expenditure for the two years ended the 29th of September, 1895 and 1896, respectively, and it will be seen that the decrease of £9,438 in the expenditure during the latter year was almost entirely due to the decrease in the amount of fees paid to medical officers for vaccination.

32. DISPENSARY COMMITTEES (IRELAND) ACT, 1896.

(59 AND 60 VICT., CHAP. 10.)

We are empowered by this Act to fix the rating qualification by which persons, other than those who are qualified by reason of being poor law guardians, shall be eligible to act as members of dispensary committees in Ireland; and we have accordingly made an Order* fixing such qualification at the net annual value of £8—this being the amount of the value of the qualification for the office of poor law guardian throughout Ireland, with the exception of a few electoral divisions in the unions of Ballinrobe and Westport.

The value of the rating qualification for membership of dispensary committees fixed by section 7 of the Act, 14 and 15 Vic., chap. 68, was £30.

33. DISPENSARY HOUSES (IRELAND) ACT, 1879.

(42 AND 43 VICT., CHAP. 25.)

The following list shows the Dispensary Districts for which Certificates were issued by us under section 4 of the above-mentioned Act from the date of the passing of the Act to the 31st of March, 1897. The cases in which Certificates have been granted since our last Report are indicated by an asterisk.

A Certificate issued in pursuance of the section referred to enables a Board of Guardians, or owner of land, as the case may be, to apply to the Commissioners of Public Works for a loan

34. SANITARY ACTS.

Public Health (Ireland) Act, 1896, 59 and 60 Vic., chap. 54.

By this Act the Public Health (Ireland) Act, 1878, has been more closely assimilated to the English Act of 1875. Under Section 1 we are enabled on the application of the Sanitary Authority of any rural sanitary district, or of persons rated to the extent of at least one-tenth of the net rateable value of such district, or of any contributory place therein, to declare any provisions of the Public Health (Ireland) Acts, 1878 to 1890, in force in urban sanitary districts to be in force in such rural district or contributory place, and to invest the rural authority concerned with all the powers, rights, duties, capacities, liabilities, and obligations of an urban authority under those Acts. The Act received the Royal Assent on the 14th of August, 1896, and up to the 25th of March last we made five investing, &c., Orders* under the above-mentioned Section affecting one entire rural sanitary district and contributory places in four other rural sanitary districts, the expenses of carrying out the provisions of the Order in each case being made chargeable on the area benefited.

By Section 8 of the Act an important alteration is made in the procedure for putting in force the powers which a Provisional Order, confirmed by Parliament, may give to a Sanitary Authority to take lands compulsorily for the purposes of the Public Health Acts. We have already made twenty-two Orders in pursuance of the provisions of this Section—the more important being those for the appointment of Arbitrators† between the Sanitary Authorities and persons interested in or affected by the taking of lands. Before the passing of this Act such Arbitrators were appointed by the Commissioners of Public Works.

Under Sections 9 to 14 we are empowered to make Orders in regard to the constitution, powers, and manner of defraying the expenses, of sanitary authorities for ports and portions of ports established for the purposes of the laws relating to the Customs of the United Kingdom; and by Section 15 we are empowered to provide for the execution of sanitary works where sanitary authorities are proved to be in default. We have not, up to the present, found it necessary to exercise our powers under these Sections.

By Section 18 it is provided that where a medical superintendent officer of health is appointed for a sanitary district we may by Order direct that for all the purposes of the Infectious Disease (Notification) Act, 1889, and the Infectious Disease (Prevention) Act, 1890, such medical superintendent officer of health shall be substituted for the dispensary medical officer as "the medical officer of health of the district" under these Acts; and we have made such Orders in the cases of the urban sanitary districts of Dublin, Belfast, Cork, and Rathmines.

In addition to the Sections above referred to the Act includes other provisions affecting previous legislation; one of the most

* See page 159.

† See page 160

important being that contained in Section 7 which provides that, subject to our consent, duties performed by officers under the Public Health (Ireland) Act, 1878, may be taken into consideration in calculating the amount of superannuation allowances to be granted to such officers.

Public Health Act, 1896, 59 and 60 Vic., chap. 19.

Section 1 of this Statute enacts that Regulations made by us under Sections 148 and 149 of the Public Health (Ireland) Act, 1878, may provide for such Regulations being enforced and executed by the officers of Customs, by the Coastguard, and by other authorities and officers. Regulations made under this Section will be found in the Appendix.*

Provisional Orders, &c.

As already mentioned an important alteration has been made in the procedure for putting in force the compulsory powers of purchase under Provisional Orders obtained in pursuance of the Public Health (Ireland) Acts. The eighth Section of the Act of 1896 imposes on us the duties in relation to arbitration under such Provisional Orders hitherto carried out by the Commissioners of Public Works, and the proceedings in future will be as laid down in the second schedule to the Housing of the Working Classes Act, 1890.

36. SEWERAGE AND WATER SUPPLY.

We now continue from our last annual Report details of the operations in regard to sewerage and water-supply under the provisions of the Public Health (Ireland) Act, 1878. The extent of these operations is still in some degree measured in rural sanitary districts by the number of the Orders under seal fixing the areas of charge, and the loans borrowed for these purposes through the Public Works Commissioners.

The number of such Orders issued each year since the passing of the Public Health (Ireland) Act, 1874, is shown in the following table:—

Year.	Number of Orders issued declaring areas of charge for sanitary expenses.
1875-6, . .	79
1876-7, . .	89
1877-8, . .	122
1878-9, . .	117
1879-80, . .	126
1880-1, . .	103
1881-2, . .	79
1882-3, . .	83
1883-4, . .	79
1884-5, . .	102
1885-6, . .	87
1886-7, . .	74
1887-8, . .	80
1888-9, . .	65
1889-90, . .	48
1890-1, . .	49
1891-2, . .	49
1892-3, . .	48
1893-4, . .	89
1894-5, . .	60
1895-6, . .	42
1896-7, . .	82
Total, . .	1,752

It will be seen from the foregoing that 1,752 Orders fixing areas of charge for sewerage or water-supply, or both, have been issued during the last twenty-two years, the number for the year from the 26th of March, 1896, to the 25th of March, 1897, being 82, which were issued to the Guardians of 53 Unions.

The above table relates only to rural sanitary districts. In urban districts all sanitary expenses are chargeable upon funds levied from the whole district.

37. BURIAL GROUNDS.

As in the case of sewerage and water-supply, referred to in paragraph 36, the extent of the operations of boards of guardians, acting as burial boards, in connection with the provision of new, and the maintenance of existing, burial grounds is, perhaps, best indicated by the number of Orders under seal determining areas of charge for expenses incurred for these purposes. The number of such Orders issued in each year, ended 25th of March, since the passing of the Public Health (Ireland) Act, 1878, is as follows :—

Year.	Number of Orders issued declaring areas of charge for burial ground expenses.
1878-9, . . .	5
1879-80, . . .	14
1880-1, . . .	13

The Orders made in the year ended 25th of March, 1897, under the provisions of the above-mentioned Act which relate

to the discontinuance of burials in old burial grounds, have been as follows :—

Date of Order.	Description of Burial Ground.	Purpose of Order.
17th June, 1896.	Seastown, Dundalk.	Prohibiting further interments from 1st August, 1896.
" "	St. Nicholas, Dundalk.	Prohibiting further interments from 1st August, 1896, subject to certain scheduled exceptions.
22nd September, 1896.	Rathcoole, in Celbridge Union.	Prohibiting further interments from 1st November, 1896, except in family vaults and the "new burial ground."
4th March, 1897.	Connected with the Protestant Church at Rahon, in Tullamore Union.	Prohibiting further interments from 1st May, 1897, subject to certain scheduled exceptions.

We also, during the same year, issued 38 licences for interments in closed burial grounds.

38. TECHNICAL INSTRUCTION ACT, 1889.

This Act provides that rural and urban sanitary authorities may supply, or aid the supply of, technical or manual instruction out of the local rate—which, in the case of rural authorities, is defined to be the rate out of which special expenses under the Public Health (Ireland) Act, 1878, are payable. Where rural authorities take advantage of the Act we declare the area of charge for any expenses which may be incurred by them for the purpose; and, in addition to the three cases mentioned in our last Report, viz., Galway, Gort and Claremorris, we have since—by Orders under Seal bearing date, respectively, the 19th of May and 9th of December, 1896—declared areas of charge for such expenses in the Portumna and Tuam Unions.

The expenditure incurred under the Act during the year ended the 29th of September last in each of the three first-named Unions is given in the Appendix.*

39. POST OFFICE ACT, 1891.

This Statute enables rural sanitary authorities to assist in the provision of postal or telegraphic facilities for contributory places within their districts by undertaking to pay to the Postmaster-General any loss he may sustain in providing such facilities—the costs of the undertakings being chargeable as special expenses on the contributory places concerned.

The very large extent to which the provisions of the Act have been availed of by sanitary authorities during the past year will be seen by the following table, which shows the number of Orders under Seal fixing areas of charge for costs of undertakings

40. LOANS.

In both urban and rural sanitary districts a considerable part of the expenditure on sewerage, water-supply, and other local improvements is defrayed by means of loans to the sanitary authorities which we sanction in pursuance of section 237 of the Public Health (Ireland) Act, 1878.

In the twenty-one years ended the 31st of March, 1896, loans under the Sanitary Acts were sanctioned as follows:—

41. LABOURERS ACTS

Since the date of our last annual Report a further amending Act has come into operation, viz., the "Labourers (Ireland) Act, 1896" [59 and 60 Vic., chap. 53]. The amendments made by this Act are chiefly in the direction of expediting the proceedings. Previously if a petition were lodged against any part of a Provisional Order—even against one cottage out of a number—no portion of the improvement scheme could be carried out until the Privy Council had adjudicated upon the petition, and an Order in Council had been issued in respect of the Provisional Order as a whole. This caused much delay, but Section 2 of the recent Act enables the unopposed portion of a Provisional Order to be carried into execution forthwith. Section 3 of the Act simplifies the proceedings in relation to arbitration by substituting the procedure laid down in the second schedule of the Housing of the Working Classes Act, 1890, for that previously in force under the Lands Clauses Acts. The Arbitrator is now appointed by us and not by the Commissioners of Public Works, and instead of his having to hold two sittings—one for draft award and one for final award—there will in future be only one sitting and one award. A further important amendment is made by Section 4 which enables the sanitary authority, if they are desirous of carrying an improvement scheme into effect without waiting for the Arbitrator's award, to take possession of the lands on lodgment in the Bank of Ireland of such sum by way of security for the purchase money as we may direct. If the lands are being taken on lease, instead of being purchased, the sanitary authority may likewise take possession, paying on account of rent, until a fair rent is fixed by the Irish Land Commission, an annual sum equal to the annual value of the lands under the Irish Valuation Acts.

Grants in aid of Labourers' Cottages.

By Section 5 of the Purchase of Land (Ireland) Act, 1891, it was provided that a sum of £40,000 (termed the Exchequer Contribution) should be paid in every financial year out of the Consolidated Fund to a Reserve Fund, for the purposes of that Act, until a sum of £200,000 had accumulated, and afterwards, so far as not required for such purposes, to the Local Taxation (Ireland) Account, for distribution as follows:—the six municipal boroughs to which the Purchase of Land (Ireland) Act does not apply to receive such share as they would be entitled to if the money were part of the Irish probate duty grant, and the residue to be divided between the counties in the proportion of the shares of the counties in that grant, and applied towards the cost of providing cottages under the Labourers Acts. The Reserve Fund of £200,000 having been formed, the Exchequer Contribution of

£40,000 in respect of the last financial year has become available, and steps are being taken to distribute it in accordance with Regulations* recently made by your Excellency, having regard to Section 39 of the Land Law (Ireland) Act, 1896, which prescribes that only expenses incurred in providing cottages since the passing of the Act of 1891 can be taken into consideration. The amount applicable to such cottages in the several counties is £37,044 11s. 1d.

Section 4 of the Purchase of Land (Ireland) Act, 1891, provided that an annual sum (called the County Percentage) of five shillings for every £100 advanced for land purchase should be paid to a Guarantee Fund, and, if not required for the purposes of such fund, to the Local Taxation (Ireland) Account, and applied towards the cost of providing cottages under the Labourers Acts in the counties in which the purchased holdings are situated. This has been discontinued by Section 27 of the Land Law (Ireland) Act, 1896, but the full amount which had accrued in respect of the County Percentage prior to the passing of that Act, namely, £8,796 2s. 6d., is at present in course of distribution pursuant to Regulations made by your Excellency.

In addition to the foregoing Grants there is an unissued balance of £12,289 2s. 3d. out of the sum of £40,000 voted by Parliament in 1890 in aid of the liabilities incurred or to be incurred by Boards of Guardians under the Labourers Acts. This amount is reserved in respect of those unions which have not up to the present taken advantage of the Acts.

Statement of operations under Acts.

It will be seen from paragraph 44 of our last Report that up to the 31st March, 1896, the total number of cottages which had been authorized to be provided under these Acts was 14,831. During the past year this number has been increased by 713, the total number now finally sanctioned being 15,544. We have, in addition, made provisional orders for 36 cottages, but these orders are either not yet absolute or are awaiting confirmation by Orders in Council. Applications embracing 352 others have also been received by us and are at present being dealt with.

The following table shows the unions from which petitions for confirmation of improvement schemes were received by us from the inception of these Acts up to the 31st of March, 1897, the number of houses applied for in each case, the number finally authorized up to that date, the number sanctioned by orders which have not yet become absolute, and the number included in applications which remain to be disposed of. The amounts of the loans sanctioned by the Treasury for the purposes of the Acts

* See Appendix, page 93.

are likewise given. A Map of Ireland is contained in the Appendix* showing the unions in which cottages have been authorized, and the number finally sanctioned in each case.

* This includes 48 cottages embraced in an application held over from the preceding year.

The terms on which Loans for the purposes of the Acts are now granted, are the same as those prescribed for Loans under the Housing of the Working Classes Act, 1890, namely:—

Following the course adopted in previous Reports, we now give tables showing what has been done by sanitary authorities under the improvement schemes authorized, and what is proposed to be done under further improvement schemes.

Table A shows that out of the 15,544 houses authorized, 12,340 have been provided, of which 12,208 are actually let, and that 1,026 others are at present in progress or contracted for. The aggregate monthly rent of the cottages built in each union and the amount of such rent in arrear are also shown.

Table B shows that further improvement schemes have been or are about to be submitted to us, proposing to provide 1,028 new cottages, 157 additional half-acre allotments to cottages already sanctioned, and 2 allotments to existing houses. The estimated cost of these schemes is £141,671 12s. 9d.

We sanctioned a loan of £4,700 to the Kilkenny Urban Sanitary Authority for the erection of Working Class Lodging Houses, and a further sum of £700 for repairs to houses of this class. The other Local Authorities who have obtained loans for the erection of Working Class Lodging Houses during the year are:—Fermoy Urban Sanitary Authority, £4,000; Galway Urban Sanitary Authority, £900; Wexford Urban Sanitary Authority, £3,500, and Wicklow Urban Sanitary Authority, £840. These sums added to £223,180 16s. mentioned under this head in our last Report make the total amount of the loans sanctioned in connection with houses for the working classes residing in towns £246,020 16s.

43. IRISH EDUCATION ACTS, 1892 AND 1893.

Since our last Report we received a petition from trustees for compulsory powers to purchase additional land for a site for National schools at Keenagh, in the Ballymahon Union. The land required in this case is in addition to that authorized by a Provisional Order issued on the 15th of November, 1894, and referred to in our twenty-third Annual Report. We also received a petition for compulsory powers to purchase a site for a National school and teacher's residence at Drumard, in the Ballymoney Union, and both petitions are under consideration.

44. TOWNS IMPROVEMENT (IRELAND) ACT, 1854.

Under the Local Government Board (Ireland) Provisional Order Confirmation (No. 1) Act, 1896, Section 2, Sub-section 1, the provisions of the Towns Improvement (Ireland) Act, 1854, were put in force in the town of Armagh, which had been under the Act of 9 George IV., chap. 82; and in pursuance of Sub-section 2 of the same Section we have issued, after due local inquiry, Orders:—

1. Determining the boundaries of the town for the purposes of the Towns Improvement Act.
2. Determining the boundaries of the three wards into which the town was to be divided pursuant to the Sub-section referred to, and fixing six as the number of Commissioners to be elected for each ward for carrying the Act of 1854 into execution.

A subsequent Order was issued fixing the date for the first election of Commissioners for each of the three wards, which election was held accordingly.

Since our last Report we approved of the adoption of the provisions of the Towns Improvement Act in Bantry, and fixed the number of Commissioners to be elected at nine.

Application has been made by certain inhabitants of Macroom to have the provisions of the Act carried into effect in that town, and the case is at present under consideration.

In pursuance of Section 29 of the Bridges (Ireland) Act, 1867, (30 & 31 Vic., chap. 50) certain ratepayers of the Borough of Waterford made application to us to direct a meeting to be convened in the manner provided by the Towns Improvement (Ireland) Act, 1854, for the adoption of that Act, in order to ascertain whether a majority in number and value of ratepayers of the Borough would assent to a Memorial to your Excellency for effecting the purchase of the Bridge and Ferry at Waterford in accordance with the Bridges Act above referred to, and the 83rd Section of the Waterford Corporation Act, 1896. We complied with the request of the Memorialists and made an Order directing the Mayor of Waterford to convene a meeting of the ratepayers accordingly, and the Mayor subsequently certified that the meeting was duly held and the proposal approved of, as required by Statute.

45. ALTERATION OF DAY FOR HOLDING FAIRS.

Consent has been given to the alteration of the day for holding the monthly fairs in the town of Dromore, County Down, from the first Saturday to the last Saturday in each month.

46. LOCOMOTIVES ON HIGHWAYS ACT, 1896.

Under this Act we are empowered to make regulations prescribing a rate of speed (not greater than fourteen miles an hour) for the travelling of light locomotives on public highways, and with respect to the use of such locomotives on highways, and their construction and conditions of use. Regulations* under the Act have been made by us accordingly.

47. AUDIT OF ACCOUNTS.

In addition to the accounts of the receipts and expenditure of Boards of Guardians, particulars of which are summarized on page 18, and given in detail in the Appendix,† the accounts of the undermentioned bodies were, as usual, audited by our Auditors during the year, pursuant to Statute:—

Grand Juries.

The governing bodies of Towns, excepting those of Cork, Kilkenny, and Waterford (section 11 of the Act 34 & 35 Vic. chap. 109).

Urban Sanitary Authorities of Cork, Kilkenny, and Waterford.

48. DEPARTMENTAL ARRANGEMENTS.

In consequence of increased duties devolving on our permanent Inspectors by reason of anticipated distress in certain districts of the west of Ireland we deemed it necessary to appoint two temporary Inspectors, (in February last), as already mentioned. The gentlemen appointed are Mr. Richard Bourke, junior, and Dr. D. Edgar Flinn.

AND OTHER ACTS NOT INCLUDED IN APPENDIX
B OR C.

I.—ORDERS.

No. 1.—GENERAL ORDER assessing upon UNIONS in IRELAND the
AMOUNTS PAYABLE by them, respectively, under the
DISEASES OF ANIMALS ACT, 1894.

To the GUARDIANS of the POOR of the several UNIONS named in the
Schedule hereunto annexed; to the Treasurer of each of such
UNIONS, and to all Persons whom it may concern.

WHEREAS, by the Diseases of Animals Act, 1894, section 71, sub-
sections (1) to (5), it is enacted as follows:—

“(1.) The General Cattle Diseases Fund established by the Contagious
Diseases (Animals) Act, 1878, shall continue for the purpose of the
execution of this Act in Ireland, and any money at the commencement
of this Act standing to the credit of the fund, not being money paid to
the cattle pleuro-pneumonia account, shall, in the first instance, constitute
the general account of the fund.

“(2.) The Chief Secretary may, as and when he thinks fit, certify to
the effect that a sum equivalent to a certain poundage on the net annual
value of the property in all the poor law unions is required for the pur-
poses of this Act.

“(3.) Thereupon the Local Government Board for Ireland shall by
order under their seal assess that sum on the several poor law unions in
proportion to the net annual value of the property therein, and shall send
copies of the order to the guardians and to the treasurer of each union.

“(4.) Thereupon the treasurer of each poor law union shall out of union
funds pay over the amount assessed on the union to the Bank of Ireland,
to be placed to the general account of the General Cattle Diseases Fund.
The guardians of each union shall debit the several electoral divisions with
proportions of that sum, according to the net annual value of the property
therein.

“(5.) No larger sum shall be levied under this Act at any one time
than is equivalent to a poundage of one halfpenny in the pound on the
net annual value of the property in all the poor law unions; nor shall any
larger sum be levied under this Act in the whole than is equivalent, taken
with any money before the commencement of the Contagious Diseases
(Animals) Act, 1878, carried to the Cattle Plague Account, and with any
sums levied under that Act, to a poundage of eightpence in the pound on
the net annual value of the property in all the unions.”

And whereas a Certificate under the hand of the Chief Secretary to the Lord Lieutenant, bearing date the Twenty-seventh day of March, One Thousand Eight Hundred and Ninety-six, has been received by Us, the Local Government Board for Ireland, in which it is certified that a sum of fourteen thousand eight hundred and forty-two pounds six shillings and five pence halfpenny, sterling, being equivalent to a rating of one farthing in the pound on the net annual value of the property in all the unions in Ireland, is required for the purposes of the said Diseases of Animals Act, 1894.

Now therefore, in pursuance of the provisions of the said Diseases of Animals Act, 1894, We, the Local Government Board for Ireland, do hereby assess the said sum of fourteen thousand eight hundred and forty-two pounds six shillings and five pence halfpenny, sterling, upon the several Unions in Ireland, in proportion to the net annual value of the property in each union according to the valuation thereof now in force as follows:—that is to say, We assess upon each union the amount set opposite to its name in the Schedule hereunto annexed.

No. 2.—WORKHOUSE RULES.

To the GUARDIANS of the POOR of the several UNIONS named in the SCHEDULE hereunto annexed, and the Medical Officers and Masters of the Workhouses of such UNIONS; and to all others whom it may concern.

WHEREAS, in exercise of the powers vested in them by an Act passed in the second year of the Reign of Her Majesty Queen Victoria, intituled "An Act for the more effectual Relief of the destitute Poor in Ireland," the Commissioners for administering the Laws for Relief of the Poor in Ireland, by a General Order under their Seal bearing date the Fifth day of February, 1849, and hereinafter referred to as the principal Order, did prescribe Rules and Regulations for regulating the management of Workhouses in Ireland and the duties of Workhouse Officers:

AND WHEREAS by General Orders under our Seal bearing date the Twenty-second day of October, 1890, and Tenth day of November, 1893, We, the Local Government Board for Ireland, did amend the principal Order and We now deem it expedient to further regulate in that behalf, as follows:

NOW, THEREFORE, in exercise of the powers vested in Us, We, the Local Government Board for Ireland, do hereby order, direct and declare that the following Regulations shall be in force with respect to the several Unions named in the Schedule hereunto annexed:—

ARTICLE I.—In this Order the expressions "Medical Officer" and "Master" mean, respectively, the Medical Officer and Master of the Workhouse of any Union named in the said Schedule and the expression "Board of Guardians" means the Board of Guardians of that Union, or the paid officers acting in execution of the duties of such Board of Guardians:

ARTICLE II.—Whenever, in the course of his professional treatment of Workhouse inmates, a case arises which in the opinion of the Medical Officer necessitates his obtaining the assistance of another Medical practitioner, the Medical Officer shall, if the circumstances of the case admit of such delay, apply to the Board of Guardians for authority to obtain the assistance of any duly qualified Medical practitioner. If, however, the circumstances be so urgent as to render it necessary to obtain the requisite assistance before the next following meeting of the Board of Guardians, the Medical Officer shall apply in writing to the Master to obtain the services of the nearest available duly qualified Medical practitioner; and it shall thereupon be the duty of the Master to obtain such assistance and to report the circumstances to the Board of Guardians at their next following meeting.

ARTICLE III.—If the Medical Officer be temporarily incapacitated, by illness or other cause, from performing his duties, he shall immediately, if practicable, communicate the fact to the Master who shall thereupon employ some duly qualified Medical practitioner to discharge the duties of the Medical Officer during such temporary incapacity, but not for any longer period than until the next meeting of the Board of Guardians when the Master shall report the circumstances to them, and, if the necessity still exists, the Board of Guardians shall either continue such employment or make such other arrangements as they shall deem fit for the discharge of the Medical Officer's duties during his temporary incapacity.

ARTICLE IV.—The Board of Guardians shall pay to the Medical practitioner employed to assist, or to temporarily discharge the duties of, the Medical Officer as aforesaid, such reasonable remuneration for his services as We shall approve or direct.

ARTICLE V.—The Board of Guardians shall make no deduction from the salary of the Medical Officer in respect of any payment made by them under Article IV. of this Order, unless with our approval previously had and obtained.

Sealed with our Seal, this Fourth day of May, in the Year of our Lord One Thousand Eight Hundred and Ninety-six.

To the GUARDIANS of the POOR of the several Unions named in the Schedule to this Order; to the Treasurer of each of such Unions; and to all persons whom it may concern :

WHEREAS We, the Local Government Board for Ireland, have received from the Commissioners of National Education in Ireland an estimate for the year ending the 31st day of March, 1897, of the full amount payable as results fees in respect of Pupils attending the national schools in each of the unions which have become contributory unions under an Act passed in the Thirty-ninth year of the Reign of Her present Majesty, Queen Victoria, entitled "An Act to provide for additional payments to Teachers of National Schools in Ireland :"

AND WHEREAS the unions which have become contributory under the said Act are those of which the names are placed in the first column of the Schedule hereto :

AND WHEREAS by the said Act it is enacted that the Commissioners of National Education shall require the Local Government Board in every year to provide a sum equal to one-third of such full amount payable as results fees as aforesaid, and that the said Local Government Board shall thereafter provide such sum in the manner by the said Act prescribed ; and the Local Government Board have received from the Commissioners of National Education a requisition to provide, in the year 1896-97, a sum equal to one-third of such full amount aforesaid :

AND WHEREAS it is by the said Act further enacted that forthwith on the receipt of such order by the treasurer of any contributory union he shall, out of the funds then lying in his hands to the credit of the guardians of such union, or if there shall be then no sufficient assets, out of the moneys next received by him and placed to the credit of such guardians, pay over the amount so assessed on such contributory union to the Bank of Ireland, to be there placed to the credit of the Commissioners of Education to a separate account, to be entitled "The Results Fees Account"; and that the guardians of such contributory union shall in their account with the electoral divisions of such contributory union debit each electoral division with its proportion of the said amount according to the net annual value for the time being of the property rateable to the rates for the relief of the destitute poor in each such division :

AND WHEREAS it is provided by the said Act that if in any financial year the sum provided by the Local Government Board in respect of any contributory union exceeds the amount required for the purposes of the said Act in such year in respect of such contributory union, such overplus shall be carried to the credit of the next following financial year, and in such last-mentioned year only such sum shall be raised by assessment on such contributory union as shall be necessary in addition

thereto to make up the sum which would in the ordinary course under the said Act be required to be provided by the Local Government Board in respect of such contributory union, in such next following financial year :

AND WHEREAS We have received from the Commissioners of National Education a statement of the surplus of previous assessments, as set forth in the fourth column of the Schedule hereto :

CADOGAN.

We, GEORGE HENRY, EARL CADOGAN, Lord Lieutenant-General and General Governor of Ireland, do hereby approve this Order.

By Command of His Excellency,

D. HARREL.

NO. 4.—GENERAL REGULATIONS UNDER LOCOMOTIVES ON HIGHWAYS ACT, 1896.

To the several URBAN SANITARY AUTHORITIES and GRAND JURIES in IRELAND; and to all others whom it may concern.

WHEREAS by Section 6 of the Locomotives on Highways Act, 1896 (hereinafter called the Act), it is enacted that—

“(1.) The Local Government Board may make regulations with respect to the use of light locomotives on highways, and their construction, and the conditions under which they may be used.

“(2.) * * * All regulations under this section shall have full effect notwithstanding anything in any other Act, whether general or local, or any byelaws or regulations made thereunder.”

AND WHEREAS by Section 2 of the Act it is enacted that—

“During the period between one hour after sunset and one hour before sunrise, the person in charge of a light locomotive shall carry attached thereto a lamp so constructed and placed as to exhibit a light in accordance with the regulations to be made by the Local Government Board.”

AND WHEREAS by Section 3 of the Act it is enacted that—

“Every light locomotive shall carry a bell or other instrument capable of giving audible and sufficient warning of the approach or position of the carriage.”

AND WHEREAS by Section 4 of the Act it is enacted that—

“No light locomotive shall travel along a public highway at a greater speed than fourteen miles an hour, or than any less speed that may be prescribed by regulations of the Local Government Board.”

AND WHEREAS by Section 11 of the Act it is enacted that—

“In the application of this Act to Ireland a reference to the Local Government Board for Ireland shall be substituted for a reference to the Local Government Board” * * *

AND WHEREAS by Section 7 of the Act it is enacted that—

“A breach of any * * * regulation made under this Act, * * * may, on summary conviction, be punished by a fine not exceeding ten pounds.”

NOW THEREFORE, in pursuance of the powers given to Us by the Act, and by any other statutes in that behalf, We, the Local Government Board for Ireland, do by this our Order make the following regulations with respect to the use of Light Locomotives on Highways, and their construction, and the conditions under which they may be used, and direct that the same shall have effect on and after the Fourteenth day of November, One Thousand Eight Hundred and Ninety-six :—

Article I.—In this Order—

The expression “carriage” includes a waggon, cart, or other vehicle.

The expression “horse” includes a mule or other beast of draught or burden, and the expression “cattle” includes sheep.

The expression “Light Locomotive” means a vehicle propelled by mechanical power which is under three tons in weight unladen,

and is not used for the purpose of drawing more than one vehicle (such vehicle with its locomotive not exceeding in weight unladen four tons), and is so constructed that no smoke or visible vapour is emitted therefrom except from any temporary or accidental cause.

In calculating for the purposes of this Order the weight of a vehicle unladen, the weight of any water, fuel, or accumulators, used for the purpose of propulsion, shall not be included.

Article II.—No person shall cause or permit a Light Locomotive to be used on any highway, or shall drive or have charge of a Light Locomotive when so used, unless the conditions hereinafter set forth shall be satisfied, namely,—

- (1.) The Light Locomotive, if it exceeds in weight unladen five hundred-weight, shall be capable of being so worked that it may travel either forwards or backwards.
- (2.) The Light Locomotive shall not exceed six and a half feet in width, such width to be measured between its extreme projecting points.
- (3.) The tyre of each wheel of the Light Locomotive shall be smooth and shall, where the same touches the ground, be flat and of the width following, namely,—
 - (a.) if the weight of the Light Locomotive unladen exceeds fifteen hundred-weight, but does not exceed one ton, not less than two and a half inches;
 - (b.) if such weight exceeds one ton, but does not exceed two tons, not less than three inches;
 - (c.) if such weight exceeds two tons, not less than four inches.

Provided that where a pneumatic tyre or other tyre of a soft and elastic material is used, the tyre may be round or curved, and there may be upon the same, projections or bosses rising above the surface of the tyre if such projections or bosses are of the same material as that of the tyre itself, or of some other soft and elastic material. The width of the tyre shall, for the purpose of this proviso, mean the extreme width of the soft and elastic material on the rim of the wheel when not subject to pressure.

- (4.) The Light Locomotive shall have two independent brakes in good working order, and of such efficiency that the application of either to such Locomotive shall cause two of its wheels on the same axle to be so held that the wheels shall be effectually prevented from revolving, or shall have the same effect in stopping the Light Locomotive as if such wheels were so held.

Provided that in the case of a bicycle this Regulation shall apply as if, instead of two wheels on the same axle, one wheel was therein referred to.

- (5.) The Light Locomotive shall be so constructed as to admit of its being at all times under such control as not to cause undue interference with passenger or other traffic on any highway.
- (6.) In the case of a Light Locomotive drawing or constructed to draw another vehicle, or constructed or used for the

carriage of goods, the name of the owner and the place of his abode or business, and in every such case, and in the case of every Light Locomotive weighing unladen one ton and a half or upwards, the weight of the Light Locomotive unladen shall be painted in one or more straight lines upon some conspicuous part of the right or off side of the Light Locomotive in large legible letters in white upon black or black upon white, not less than one inch in height.

- (7.) The Light Locomotive and all the fittings thereof shall be in such a condition as not to cause, or to be likely to cause, danger to any person on the Light Locomotive or on any highway.
- (8.) There shall be in charge of the Light Locomotive when used on any highway a person competent to control and direct its use and movement.
- (9.) The lamp to be carried attached to the Light Locomotive in pursuance of Section 2 of the Act shall be so constructed and placed as to exhibit, during the period between one hour after sunset and one hour before sunrise, a white light visible within a reasonable distance in the direction towards which the Light Locomotive is proceeding or is intended to proceed, and to exhibit a red light so visible in the reverse direction. The lamp shall be placed on the extreme right or off side of the Light Locomotive in such a position as to be free from all obstruction to the light.

The foregoing provision of this Regulation shall not extend to any bicycle, tricycle, or other similar machine. There shall be carried by the person riding or being upon such machine a lamp attached to the machine and so constructed and placed as to exhibit a light in the direction in which he is proceeding adequate to signal the approach or position of the machine.

Article III.—No person shall cause or permit a Light Locomotive to be used on any highway for the purpose of drawing any vehicle, or shall drive or have charge of a Light Locomotive when used for such purpose, unless the conditions herein-after set forth shall be satisfied, namely:—

- (1.) Regulations (2), (3), (5), and (7) of Article II. of this Order shall apply as if the vehicle drawn by the Light Locomotive was therein referred to instead of the Light Locomotive itself, and Regulation (6) of the Article shall apply as if such vehicle was a Light Locomotive constructed for the carriage of goods.
- (2.) The vehicle drawn by the Light Locomotive, except where the Light Locomotive travels at a rate not exceeding four miles an hour, shall have a brake in good working order of such efficiency that its application to the vehicle shall cause two of the wheels of the vehicle on the same axle to be so held that the wheels shall be effectually prevented from revolving, or shall have the same effect in stopping the vehicle as if such wheels were so held.
- (3.) The vehicle drawn by the Light Locomotive shall, when under the last preceding Regulation a brake is required to be attached thereto, carry upon the vehicle a person competent to apply efficiently the brake: Provided that it shall not be

necessary to comply with this Regulation if the brakes upon the Light Locomotive by which the vehicle is drawn are so constructed and arranged that neither of such brakes can be used without bringing into action simultaneously the brake attached to the vehicle drawn, or if the brake of the vehicle drawn can be applied from the Light Locomotive independently of the brakes of the latter.

Article IV.—Every person driving or in charge of a Light Locomotive when used on any highway shall comply with the Regulations herein-after set forth, namely:—

- (1.) He shall not drive the Light Locomotive at any speed greater than is reasonable and proper having regard to the traffic on the highway, or so as to endanger the life or limb of any person, or to the common danger of passengers.
- (2.) He shall not under any circumstances drive the Light Locomotive at a greater speed than twelve miles an hour. If the weight unladen of the Light Locomotive is one ton and a half and does not exceed two tons, he shall not drive the same at a greater speed than eight miles an hour, or if such weight exceeds two tons, at a greater speed than five miles an hour.

Provided that whatever may be the weight of the Light Locomotive, if it is used on any highway to draw any vehicle, he shall not under any circumstances drive it at a greater speed than six miles an hour.

Provided also that no Light Locomotive shall travel along any public highway within the limits of the Dublin Metropolitan Police District, or of any city, town, or village, at a greater speed than six miles an hour, or, if its weight, unladen, exceeds two tons, at a greater speed than five miles an hour.

Provided also that this Regulation shall only have effect until We may by Order otherwise direct.

- (3.) He shall not cause the Light Locomotive to travel backwards for a greater distance or time than may be requisite for purposes of safety.
- (4.) He shall not negligently or wilfully cause any hurt or damage to any person, carriage, horse, or cattle, or to any goods conveyed in any carriage on any highway, or, when on the Light Locomotive, be in such a position that he cannot have control over the same, or quit the Light Locomotive without having taken due precautions against its being started in his absence, or allow the Light Locomotive or a vehicle drawn thereby to stand on such highway so as to cause any unnecessary obstruction thereof.
- (5.) He shall when meeting any carriage, horse, or cattle keep the Light Locomotive on the left or near side of the road, and when passing any carriage, horse, or cattle proceeding in the same direction keep the Light Locomotive on the right or off side of the same.
- (6.) He shall not negligently or wilfully prevent, hinder, or interrupt the free passage of any person, carriage, horse, or cattle on any highway, and shall keep the Light Locomotive and any vehicle drawn thereby on the left or near side of the road for the purpose of allowing such passage.

- (7.) He shall, whenever necessary, by sounding the bell or other instrument required by Section 3 of the Act, give audible and sufficient warning of the approach or position of the Light Locomotive.
- (8.) He shall on the request of any police constable, or of any person having charge of a restive horse, or on any such constable or person putting up his hand as a signal for that purpose, cause the Light Locomotive to stop and to remain stationary so long as may be reasonably necessary.

Article V.—If the Light Locomotive is one to which Regulation (6) of Article II. applies, and the particulars required by that Regulation are not duly painted thereon, or if the Light Locomotive is one to which that Regulation does not apply, the person driving or in charge thereof shall, on the request of any constable, or on the reasonable request of any other person, truly state his name and place of abode, and the name of the owner, and the place of his abode or business.

Article VI.—This Order may be cited as “The Light Locomotives on Highways (Ireland) Order, 1896.”

Given under our Hands and Seal of Office, this Twelfth day of November, in the Year of Our Lord One Thousand Eight Hundred and Ninety-six.

No. 4.—NATIONAL SCHOOL TEACHERS (IRELAND) ACT, 1875.

Local Government Board, Dublin,

31st December, 1896.

Sir,

In pursuance of the 4th section of "The National School Teachers (Ireland) Act, 1875," the Local Government Board for Ireland transmit to you herewith, to be laid before the Board of Guardians of Union, the notice which they are required by that section to transmit, on or before the 1st day of January, to the Guardians of every union which shall not at such time be a contributory union within the meaning of the Act.

The notice now transmitted, as in the case of the notice which was transmitted on the 31st December, 1895, requires the Guardians within Forty days from the receipt thereof to inform the Local Government Board whether, for the purpose of increasing the remuneration of the teachers of National Schools within the union, they are willing to make their union a contributory union within the meaning of the Act, and the Guardians will observe therefore that by the present notice they are called upon, in pursuance of the requirement of the Act, to decide whether they will become contributory for the year 1897-98 (that is for the year commencing on the 1st April next), and subsequent years, until the resolution to contribute be legally revoked.

The Board forwarded with their circular of the 30th August, 1875, a copy of the Act, and of various other documents relating to this subject, and they desire to refer the Board of Guardians to that circular and the documents which accompanied it for any information which they may require before replying to the enclosed notice.

The Board have to add that the Commissioners of National Education have furnished them with an estimate of the probable amount which will be payable by the Guardians of the several unions in results fees to teachers of National Schools within the respective unions for the year 1897-98, and the liability which, according to this estimate, the Guardians will incur by making their union a contributory one is not expected to exceed £

In the event of the Guardians resolving to become a contributory union within the meaning of the Act, you should, immediately upon the passing of such resolution, forward a copy of the same signed by the Chairman as well as by yourself to the Commissioners of National Education, and to the Local Government Board, in accordance with the terms of section 6 of the Act.

NO. 5.—MINUTES OF GUARDIANS' PROCEEDINGS.

Local Government Board, Dublin,
15th January, 1897.

SIR,

I am directed by the Local Government Board for Ireland to state that much inconvenience has been caused in the conduct of correspondence between this Department and Boards of Guardians by the omission of some Clerks of Unions to forward to the Board the Minutes of Guardians' proceedings in due time. As you are aware, it is often desirable, and in many cases necessary, that replies from this Department in relation to matters dealt with in the Guardians' proceedings should be received by them at their following meeting. This cannot be done if there be failure on the part of the Clerk of the Union to forward the Minutes to the Board in due time. The Board have, therefore, to request that, in future, the minutes of each meeting of Guardians may, without fail, be forwarded to this Department on the day following that upon which the meeting takes place, and they do not doubt that you will endeavour to meet their wishes through a careful compliance with this request.

I am, Sir, your obedient servant,

THOS. A. MOONEY, Secretary.

To the Clerk of each Union.

1.—FORM OF LETTER to the BOARDS of GUARDIANS of certain UNIONS.

Local Government Board, Dublin,
1897.

SIR,

The Local Government Board for Ireland have had before them the resolution adopted by the Board of Guardians of Union* on the pointing out that owing to the failure of the potato crop distress exists among a large number of the occupiers of small holdings in the Union, and, with reference thereto, the Board authorise the Guardians to administer relief out of the Workhouse in food or fuel to such destitute persons as they may consider require it, whether in the occupation of land or not, for a period of two months.†

The cost of the relief so afforded is to be charged in the same manner as if it had been indoor relief under the Poor Relief Acts.

The Board desire to add that if the Guardians consider that it will be necessary to afford relief to any considerable extent under the authority now given, it is incumbent upon them to direct the Collectors to press forward the collection of the outstanding rate, in order that a new rate may be agreed to and put in course of collection at the earliest possible date.

Local Government Board, Dublin,
12th February, 1897.

SIR,

The Board desire to add that if the Guardians consider that it will be necessary to afford relief to any considerable extent under the authority now given, it is incumbent upon them to put the new rate in course of collection at the earliest possible date.

INVALID FOUNDLINGS.

No. 2.—INSPECTOR'S REPORT ON INVALID FOUNDLINGS MAINTAINED OUT OF THE FOUNDLING HOSPITAL GRANT.

Local Government Board, Ireland,
7th September, 1896.

GENTLEMEN,

I have the honour to report that I have visited recently all the Invalid Foundlings who are now maintained by means of the annual Parliamentary Grant. The number of these poor persons is the same (15) as when I reported last year, and there has been no material change in their condition which calls for any comment. Having regard to their advanced age, which ranges from sixty-four years upwards, it is not surprising that many should complain of falling eyesight and of pains which they generally describe as rheumatism, but on the whole I am glad to be in a position to say that these invalids are fairly well circumstanced, and that they seem to receive the full advantage of the small allowance granted for their support.

I have the honour to be, Gentlemen,

Your obedient servant,

D. J. MACSHEAHAN.

To the Local Government Board for Ireland.

LABOURERS' COTTAGES GRANT DEPOSIT ACCOUNT.

No. 3.—LETTER FROM THE LOCAL GOVERNMENT BOARD TO THE UNDER SECRETARY OF THE LORD LIEUTENANT.

Local Government Board, Dublin,
6th February, 1897.

SIR,

Referring to your letter of the 18th of March last on the subject of the Labourers' Cottages Grant Deposit Account, I am directed by the Local Government Board for Ireland to state that the period mentioned in the communication from the Lords Commissioners of Her Majesty's Treasury which accompanied that letter as the time within which Boards of Guardians might claim their respective shares of the Grant will expire on the 31st proximo.

During the past year, the shares of three Unions, viz., Ballymoney, Castleblayney, and Strokestown, have been paid from the Grant, and the amount now in the Deposit Account is £13,162 12s. 8d. The shares of the Limavady, Magherafelt, Omagh, and Roscrea Unions will, it is expected, be advanced before the 31st proximo, and those of Londonderry and Rathdown, and the balance of the share in the case of Portumna will probably become payable very soon after that date. Proceedings are still pending in the Unions of Coleraine, Downpatrick, Inishowen, and Lisnaskea, and the Board consider that the shares of those Unions as well as the shares of the Unions of Londonderry, Rathdown, and Portumna should be specially reserved after the 31st proximo.

No steps have been taken up to the present to put the Labourers Acts in force in the remaining Unions, and the question arises whether the balance of the Grant should not be distributed amongst the Unions which have incurred liabilities under the Acts, the Grant of £40,000

having, as already observed in the Board's letter of the 25th of February, 1896, been expressly voted for labourers' cottages.

The Board would suggest that the time within which Boards of Guardians having shares in the account in question may be entitled to receive them might be extended for another year.

I am, Sir, your obedient servant,

D. J. MACSHEAHAN, Assistant Secretary.

The Under Secretary,
Dublin Castle.

No. 4.—EXTRACTS from LETTER from the ASSISTANT UNDER SECRETARY of the LORD LIEUTENANT to the LOCAL GOVERNMENT BOARD.

Chief Secretary's Office,
Dublin Castle,

SIR, 20th March, 1897.

I am directed by the Lord Lieutenant to transmit for the information of the Local Government Board the accompanying copy of a correspondence which has passed between his Excellency and the Treasury.

The Board will perceive that the correspondence has * * * dealt with the question raised in their letter of the 6th ultimo concerning the Labourers' Cottages Grant Deposit Account, and that the Treasury have agreed to a further extension up to the 31st of March, 1898. As it would be undesirable to again seek Treasury sanction for a further extension, His Excellency would be glad if the Local Government Board would in the course of the year submit their views upon the question of utilizing the balance.

I am, Sir,

Your obedient servant,

The Secretary,
Local Government Board.

J. B. DOUGHERTY.

ENCLOSURES TO THE FOREGOING.

I.—EXTRACTS from LETTER from the UNDER SECRETARY of the LORD LIEUTENANT to the SECRETARY to the TREASURY.

Dublin Castle,

SIR, 24th February, 1897.

I am directed by the Lord Lieutenant to acknowledge the receipt of Sir E. W. Hamilton's letter of the 1st instant.

With regard to the final paragraph of Sir E. W. Hamilton's letter, in which a surrender is proposed of the unexpended balance in the Labourers' Cottages Grant Deposit Account, I transmit herewith a copy of a letter received from the Local Government Board, in which this matter was dealt with.

The letter of the 6th instant from the Local Government Board shows that some few additional Unions have become entitled to grants from the fund in the past year, and that some others will immediately become entitled to such grants; and His Excellency suggests a further extension of time for another year, within which period His Excellency will be prepared to consider how the surplus should be dealt with, and to submit his views to their Lordships.

I am, &c.,

(Signed),

D. HARREL.

The Secretary,
Treasury.

II.—EXTRACTS from LETTER from the SECRETARY to the TREASURY to the UNDER SECRETARY of the LORD LIEUTENANT.

Treasury Chambers,
17th March, 1897.

SIR,

I have laid before the Lords Commissioners of Her Majesty's Treasury Sir D. Harvel's letter of the 24th ultimo (No. 2640) with its enclosed copies of communications from the Local Government Board for Ireland.

As regards the unexpended balance of the Labourers' Cottages Grant Deposit Account, a hope was expressed in the Treasury letter of the 1st ultimo (No. 1094 : 97) that there would be no necessity for any further renewal of the dispensation from surrender of such balance. From the Local Government Board's letter of the 6th ultimo it appears that this hope will not be realised; that besides certain Unions whose shares are expected to be advanced before the end of the present month there are others in whose case proceedings are pending and cannot be terminated within the financial year. In these circumstances, My Lords are pleased to sanction a further extension of the period within which Boards of Guardians may claim payments from the Account up to the 31st March, 1898, by which date they trust that the necessity for any further prolongation of the power may have been removed.

I am, &c.,

(Signed), R. W. HANBURY.

The Chief Secretary,
Dublin Castle.

No. 5.—LETTER to the BOARDS of GUARDIANS of certain UNIONS.

Local Government Board, Dublin,
29th March, 1897.

SIR,

With reference to previous correspondence on the subject, I am directed by the Local Government Board for Ireland to acquaint you, for the information of the Board of Guardians of _____ Union, that the Lords Commissioners of Her Majesty's Treasury have authorized the extension until the 31st of March, 1898, of the period within which Boards of Guardians may claim payment from the Labourers' Cottages Grant Deposit Account.

I am, Sir, your obedient servant,

THOS. A. MOONEY, Secretary.

To the Clerk of the
_____ Union.

* The foregoing letter was addressed to the Clerk of each of the following Unions :—

Antrim.	Castletown.	Glennamaddy.	Milford.

APPENDIX B.

MEDICAL CHARITIES ACT AND VACCINATION ACTS.

I. ORDERS.

No. 1.—GENERAL ORDER AMENDING GENERAL DISPENSARY REGULATIONS.

To the GUARDIANS of the POOR of the several UNIONS named in the Schedule hereunto annexed, and the Clerks thereof: to the Committees of Management of Dispensary Districts therein: to the Officers of such Districts; and to all others whom it may concern:

WHEREAS, in exercise of the powers vested in them by an Act passed in the fifteenth year of the Reign of Her Majesty Queen Victoria, intituled "An Act to provide for the better Distribution, Support, and Management of Medical Charities in *Ireland*, and to amend an Act of the eleventh year of Her Majesty to provide for the Execution of the Laws for the Relief of the Poor in *Ireland*," the Commissioners for administering the Laws for Relief of the Poor in *Ireland*, by Orders under their Seal, did declare the Dispensary Districts formed under the said Act in the several Unions named in the Schedule annexed to this Order:

AND WHEREAS, by a General Order under our Seal bearing date the Third day of November, 1885, and hereinafter referred to as the principal Order, We, the Local Government Board for Ireland, did prescribe General Regulations for the government of, and performance of vaccination in, the Dispensary Districts of the said several Unions; and by General Orders under our Seal bearing date the Second day of August, 1888, and Seventh day of February, 1895, respectively, We did make further Regulations with regard to re-vaccination:

AND WHEREAS We deem it expedient to make further Regulations in lieu of those contained in Article 21, No. ii., and in Article 22, of the principal Order:

NOW, THEREFORE, in exercise of the powers vested in Us, We, the Local Government Board for Ireland, do hereby rescind the Regulations contained in Article 21, No. ii., and in Article 22, of the principal Order; and, in lieu of the Regulations thus rescinded, We do hereby order, direct and declare as follows:—

ARTICLE I.—In this Order the expression "District" means any Dispensary District in any Union named in the Schedule to this Order, the expression "Committee" means the Committee of Management of such District, the expression "Medical Officer" means any Medical Officer of such District, and the expression "Board of Guardians" means the Board of Guardians of the Union in which such District is situate or the paid Officers acting in execution of the duties of such Board of Guardians.

ARTICLE II.—The Medical Officer shall duly and punctually attend, either at the Dispensary during the appointed hours for attendance thereat, or at the home of the party on whose behalf application is made, or elsewhere, as the case may require, and shall give his advice and assistance and supply all necessary medicines including the use of surgical appliances to every poor person in the District, or portion thereof, under his charge whom—by a ticket signed by a member of the Committee or by a Relieving Officer or Warden acting for any Electoral Division included in such District—he shall be required to attend as Medical Officer; and he shall continue his attendance until such attendance is no longer required, or until the ticket be cancelled. Such tickets shall be in the Form E 1, annexed to the principal Order, when medical relief is required to be given at the Dispensary only, and in Form E 2, annexed to the principal Order, when medical relief is required to be given at the home of the patient or elsewhere; and all such tickets received by the Medical Officer shall be filed by him at the Dispensary—the number of the case in the Register (Form F, annexed to the principal Order) being marked by him on the face of each ticket before filing it—and shall be preserved for a period of at least two years.

ARTICLE III.—Whenever, in the course of his attendance upon dispensary patients, a case arises which in the opinion of the Medical Officer necessitates his obtaining the assistance of another Medical practitioner, the Medical Officer shall, if the circumstances of the case admit of such delay, apply in writing to the nearest Relieving Officer acting for the Union in which the patient resides to obtain the assistance of the nearest available duly qualified Medical practitioner, and the Relieving Officer shall thereupon at once obtain the assistance applied for, and shall report the circumstances to the Board of Guardians at their next following meeting. If, however, the emergency be so urgent as to render it necessary to obtain the requisite assistance without communicating with the Relieving Officer, it shall be lawful for the Medical Officer to at once obtain the services of the nearest available duly qualified Medical practitioner; and in every such case it shall be the duty of the Medical Officer to report the circumstances to the Board of Guardians at their next following meeting.

ARTICLE IV.—If the Medical Officer be temporarily incapacitated, by illness or other cause, from performing his duties, he shall immediately, if practicable, communicate with the Chairman, or Honorary Secretary, of the Committee, and shall, if possible, recommend to the Committee a Medical practitioner qualified as provided in Article 20 of the principal Order, to perform his duties during such temporary incapacity. And on the fact of the Medical Officer's incapacity becoming known a special meeting of the Committee shall be at once called, in accordance with Article 13 of the principal Order, for the purpose of appointing a temporary substitute for the Medical Officer; and the Committee shall report the circumstances of the case and the name of such temporary substitute to the Board of Guardians. And for the time during which such temporary substitute, appointed by the Committee, shall act as Medical Officer, he shall perform all the duties of the Medical officer, and shall duly enter up the books of the Dispensary for such time before any remuneration that may be agreed upon be paid to him.

ARTICLE V.—The Board of Guardians shall pay to the Medical practitioner employed to assist, or to temporarily discharge the duties of the

Medical Officer, as aforesaid, such reasonable remuneration for his services as We shall approve or direct.

ARTICLE VI.—The Board of Guardians shall make no deduction from the salary of the Medical Officer in respect of any payment made by them under Article V of this Order, unless with our approval previously had and obtained.

Sealed with our Seal, this Fourth day of May,
in the Year of our Lord One Thousand
Eight Hundred and Ninety-six.

II.—CIRCULARS.

No. 1.—CONTRACTS for the SUPPLY of DRUGS, MEDICINES, &c.

Local Government Board, Dublin,
28th May, 1896.

SIR,

I am directed by the Local Government Board for Ireland to state that their attention has been drawn to the fact that the form of contract for the supply of drugs and medicines and medical and surgical appliances used in some unions is not that prescribed by their Order of the 9th of February, 1892.

A copy of the Order referred to was forwarded to each Board of Guardians with the Board's Circular letter of the 11th of March, 1892, in which it was pointed out that the form prescribed by the Order contained conditions which enabled Boards of Guardians, on the direction or with the consent of the Local Government Board, to terminate contracts, and that the provision in the form previously in use, which permitted contractors to replace rejected articles by others, was not in the form then prescribed.

The Board have now further to draw the attention of Boards of Guardians to other important conditions contained in the form, especially those in relation to the analysis of drugs and medicines where necessary for the adoption of that course may appear to exist, and the con-

dition under which the contractor is required to supply, at current wholesale prices, drugs and medicines not specifically mentioned in the contract.

The Order expressly rescinded all previous rules and orders prescribing forms of such contracts, and directed that Boards of Guardians should thenceforward adopt and use the form prescribed thereby. It is, therefore, imperative on Boards of Guardians to use that form, and the Board trust that those Boards of Guardians who on any occasion since the date of the existing Order have used a form other than that then prescribed will give such directions as will ensure the proper form being used when making contracts of the nature referred to.

I am, Sir, your obedient servant,

THOS. A. MOONEY, Secretary.

To the Clerk of each Union.

The Order also contains Regulations with regard to the employment of Medical Practitioners to assist Medical Officers of Dispensary Districts, and the payment of remuneration for their services, when so employed, or when acting as temporary substitutes.

I am, Sir, your obedient servant,

THOS. A. MOONEY, Secretary.

NO. 3.—EMPLOYMENT OF MIDWIVES.

I. CIRCULAR TO THE HONORARY SECRETARIES AND MEDICAL OFFICERS OF DISPENSARY DISTRICTS.

Local Government Board, Dublin,
10th August, 1896.

SIR,

The Local Government Board for Ireland desire to draw the attention of Committees of Management and Medical Officers of Dispensary Districts to the subject of the employment of midwives who may have been in attendance upon cases of Puerperal Septicæmia or Puerperal Fever.

* See page 80.

Midwives appointed by Committees of Management with salaries paid out of rates are subject to the authority of such Committees, and, as to the discharge of their duties, are responsible to the medical officer of the district; but in many districts there are other midwives practising on their own account and not officially under the control of the Committee of Management or of the Dispensary Medical Officer.

As regards duly appointed district midwives, the Local Government Board assume that whenever it comes to the knowledge of a medical officer that the midwife has been in attendance upon a case of puerperal fever he will forbid her to attend midwifery cases until he is satisfied that she has taken all necessary precautions and that a sufficient time has elapsed to render it in his judgment safe for her to resume work. The Medical Officer of course will report the facts to the Committee of Management in order that they may, if necessary, take measures to provide for the discharge of the midwife's duties during her temporary inability to act in cases of childbirth. In the case of a midwife practising on her own account, the Local Government Board consider that when a medical officer ascertains that she has been attending a case of puerperal fever he ought to warn her as to the consequences of her continuing her midwifery practice until the lapse of time together with thorough disinfection of her garments and person render it safe for her to approach lying-in women.

The Local Government Board think it well to point out that in recent years lying-in hospitals in which midwives receive instruction are conducted with a careful regard to antiseptic precautions, the importance of which had not been recognised at the time when the majority of the midwives now in practice received their hospital training. It is much to be desired that such antiseptic precautions should be generally adopted by midwives, and if Committees of Management and Boards of Guardians would make arrangements to enable district midwives to pass a short time in public lying-in hospitals conducted on modern antiseptic principles midwives would be enabled to acquire a practical knowledge of the importance as well as the detailed application of such precautions. Medical Officers are to some extent in a position to instruct midwives as to the vital importance of scrupulous cleanliness and as to the necessity for disinfecting their hands and all appliances used in midwifery practice; but the Board think that a few weeks' leave of absence granted for the purpose of enabling midwives to attend lying-in hospitals would be of incalculable benefit to the public and would result in the preservation of valuable lives amongst the sick poor throughout the country. The Local Government Board have to add that they will willingly sanction the expenditure required for the payment, when deemed necessary, of temporary substitutes appointed to replace midwives while absent on leave for the purpose mentioned.

I am, Sir, your obedient servant,

THOS. A. MOONEY, Secretary.

To the Honorary Secretary of the Committee of Management, and the Medical Officer of each Dispensary District.

No. 5.—COMMITTEES OF MANAGEMENT OF DISPENSARY DISTRICTS.

Local Government Board, Dublin,

24th March, 1897.

SIR,

The Local Government Board for Ireland desire to call your attention to the circular of the Poor Law Commissioners dated the 21st of March, 1862, relating to the annual appointment of dispensary committees and wardens, and to the extracts from previous circulars appended thereto, and they request that you will take the necessary steps, as pointed out in the circular referred to, to place before the Board of Guardians, after the annual election of guardians, a correct list of the members of the Board entitled to be members of the respective dispensary committees in the Union. The Guardians should then, in each case in which it may be necessary to do so, elect a sufficient number of ratepayers, so that the number of members of each committee shall amount to the number authorised by sealed Order. See Section 7 of the Poor Relief (Ireland) Act, 1851 (14 and 15 Vic., Cap. 68), the Dispensary Committees (Ireland) Act, 1896, the Board's Order of the 30th July, 1896, issued in pursuance of the last mentioned enactment, and the General Rules for the government of Dispensary Districts, dated the 3rd of November, 1895.

This ought to be done by resolution and recorded on the minutes.

If it should appear from the Returning Officer's return of the election that there are any vacancies in the office of guardian, the Board of Guardians should elect only such a number of qualified ratepayers to serve on the dispensary committees as would be necessary if the number of guardians were complete, so that the persons who may be returned to supply the vacancies may become members of the respective committees upon which they may be qualified and entitled to act.

As soon as the committee shall have been completed for any dispensary district, you should give notice to each member thereof of the day upon which the election of chairman and vice-chairman and other honorary officers for the year will take place in accordance with articles 6 and 7 of the Dispensary Regulations above referred to.

The Board enclose three copies of a form for a return of officers of the several dispensary committees in the union to enable you to make the return in duplicate to this office, and to retain a copy for the use of the Board of Guardians, and they request that you will procure the necessary information with the least possible delay and then forward the return to this office.

I am, Sir, your obedient servant,

THOS. A. MOONEY, Secretary.

To the Clerk of each Union.

No. 6.—REGULATIONS made by the LORD LIEUTENANT under Section 5 (2) (b) of the Purchase of Land (Ireland) Act, 1891, relative to the distribution of the "Exchequer Contribution," constituted under that Act.

By the Lord Lieutenant-General and General Governor of Ireland.
CADOGAN.

WHEREAS it is enacted by section 5 (2) (b) of the Purchase of Land (Ireland) Act, 1891, that the Exchequer contribution to the Guarantee Fund established by the said section, shall be carried to a reserve fund until £200,000 shall have been so carried, and so far as not required for that purpose shall be paid to the Local Taxation (Ireland) Account, established in pursuance of the Probate Duties (Scotland and Ireland) Act, 1888; and that the share of the Municipal Boroughs to which the said Purchase of Land (Ireland) Act, 1891, does not apply shall be ascertained and applied as if it were part of the Irish Probate Duty Grant, and that the residue shall be divided between the counties as nearly as may be in the proportion of the shares of the counties in the Irish Probate Duty Grant, and that such residue shall be applied towards the cost of providing labourers' cottages in the several counties under the Labourers (Ireland) Acts, 1883 to 1886, on such terms and conditions and subject to such regulations as the Lord Lieutenant thinks expedient, save that where it appears to him, on the representation of the Local Government Board, that the whole or any part of such residue applicable to any county cannot with advantage be so applied, he may order the same to be applied as if it were the share of the county in the Irish Probate Duty Grant.

AND WHEREAS, having regard to section 3 of the said Act of 1888, the share of each such Municipal Borough is to be ascertained as follows:—It shall bear the same proportion to one-half the sum available for distribution as the expenditure of such Municipal Borough out of any cess or rate on roads and bridges during the year ended the 31st December, 1887, as certified by the Local Government Board for the purpose of the distribution of the Irish Estate (formerly the Probate) Duty Grant, bears to the total of such expenditure by road authorities in Ireland.

AND WHEREAS the proportion of the shares of the counties in the Irish Estate (formerly Probate) Duty Grant is, having regard to the said 3rd section of the said Act of 1888, the proportion which the expenditure of the Grand Jury of each county out of any cess or rate on roads and bridges during the year ended the 31st December, 1887, as certified by the Local Government Board for the purpose of the Estate (formerly the Probate) Duty Grant, bears to the total of such expenditure by grand juries.

AND WHEREAS it is enacted by section 39 of the Land Law (Ireland) Act, 1896, that the power conferred on the Lord Lieutenant by the said 5th section of the Purchase of Land (Ireland) Act, 1891, to make regulations for the application of the moneys therein mentioned towards the cost of providing labourers' cottages, is thereby extended to include a power to make regulations for the application of those moneys towards defraying any costs incurred at any time after the passing of the said Act of 1891 in providing such cottages.

AND WHEREAS the Labourers (Ireland) Act, 1891; the Labourers (Ireland) Act, 1892; and the Labourers (Ireland) Act, 1896, are construed as one with the Labourers (Ireland) Acts, 1883 to 1886.

NOW, THEREFORE, We, George Henry, Earl Cadogan, Lord Lieutenant-General and General Governor of Ireland, in pursuance of the powers vested in Us as aforesaid, do hereby direct that the following regulations shall be observed in the application of the share of each of the counties in Ireland in the said residue of the Exchequer contribution.

1. In any county where costs shall have been incurred at any time after the passing of the Purchase of Land (Ireland) Act, 1891, in providing labourers' cottages under the Labourers (Ireland) Acts, the share of the residue of the Exchequer contribution accruing to such county, shall be distributed amongst the unions wholly or partly situated in the county in which such cottages shall have been provided, in the proportions and subject to the conditions hereinafter set forth.

2. Each distribution of a share of the residue of the Exchequer contribution in a county in which cottages under the Labourers Acts shall have been provided since the passing of the Purchase of Land (Ireland) Act, 1891, shall be in proportion to the amount of expenses, exclusive of expenditure from loans, but inclusive of repayments to the Commissioners of Public Works on account of loans, paid by the Boards of Guardians of such unions in respect of such cottages during the year ended the 29th of September preceding the year in which the distribution is made.

3. The sum accruing to a county in which costs shall have been incurred at any time after the passing of the Purchase of Land (Ireland) Act, 1891, in providing labourers' cottages under the Labourers (Ireland) Acts, shall, subject to the conditions hereinafter mentioned, be divided among those unions within which cottages shall have been provided, and in respect of which expenses shall have been paid or become payable during the year preceding the year of distribution as mentioned in the foregoing regulation.

4. For the purpose of these regulations cottages shall be deemed to have been "provided" when they are certified to be ready for occupation.

5. When the amount due by any Board or Boards of Guardians on account of loans, or otherwise, in respect of cottages provided since the passing of the Purchase of Land (*Ireland*) Act, 1891, is less than the amount of the share or shares of such Board or Boards of Guardians of the said residue of the Exchequer contribution, according to these Regulations, such Board or Boards of Guardians shall only receive, respectively, the actual amount or amounts due by them in respect of such cottages, including any principal of loans remaining unpaid, and the balance or balances of the share or shares shall remain to the credit of the Local Taxation (*Ireland*) Account in the Bank of Ireland until We shall otherwise direct; and, in any county where costs shall not have been incurred at any time after the passing of the Purchase of Land (*Ireland*) Act, 1891, in providing labourers' cottages under the Labourers (*Ireland*) Acts, the share of the residue of the Exchequer contribution accruing to such county, ascertained in the manner above described, shall, likewise, remain to the credit of the Local Taxation (*Ireland*) Account in the Bank of Ireland until We shall otherwise direct.

6. Subject to the foregoing regulations the said residue of the Exchequer contribution applicable towards the cost of providing labourers' cottages under the Labourers (*Ireland*) Acts, shall be primarily applied towards the payment of any instalment or instalments due on account of, or towards the payment or reduction of any balance remaining due on foot of loans contracted in respect of such cottages in the order of priority of such loans; provided that the Local Government Board may, before or instead of so doing, apply any part of the said residue in discharge of any debts of the union, in respect of such cottages.

7. The guardians of a union in which costs shall have been incurred at any time after the passing of the Purchase of Land (*Ireland*) Act, 1891, in providing cottages under the Labourers (*Ireland*) Acts, shall distribute any moneys received by them out of the said residue of the Exchequer contribution amongst the electoral divisions of the union situate in the county in respect of which such moneys are paid, in proportion to the amount chargeable to each such electoral division during the year in respect of which the distribution is made on account of the cottages thus provided, but so that no cottages situated in an electoral division outside the county in respect of which such moneys are paid shall be taken into account.

8. The Local Government Board on receipt of a return from Us of the sum available for distribution each year shall furnish to Us, as soon as may be practicable, a Schedule showing the amounts to which unions in each county are severally entitled.

9. The sums payable to such unions, respectively, as shown by the Schedule, so to be furnished to Us by the Local Government Board, shall be paid out of the Local Taxation (*Ireland*) Account in the Bank of Ireland by Orders made by Us on the Governor and Company of that Bank, to the Commissioners of Public Works, or to the Boards of Guardians of such unions (as the case may be) except in the case of any union in which an Inspector of the Local Government Board may have been invested with the powers of the Board of Guardians (the sanitary authority) under the Labourers (*Ireland*) Acts, in pursuance of the provisions of the Labourers (*Ireland*) Act, 1891. Where an Inspector shall have been so invested, as aforesaid, the amount shall be paid to the treasurer of the union to be placed by him to the credit of an account to be called the Labourers Acts Account, and to be issued on cheques signed by the Inspector and countersigned by the clerk of the union.

10. Nothing in these regulations contained shall limit, or in any way affect Our right, on any representation made to Us by the Local Government Board that any part of the said residue of the Exchequer contribution cannot with advantage be applied towards the cost of providing labourers' cottages, to order the same to be applied as if it were the share of the county in the Irish Probate Duty Grant.

11. These regulations shall continue in force until amended, altered, or revoked by any subsequent regulation which may be made by Us

Given at Her Majesty's Castle at Dublin
this 22nd day of March, 1897.

By His Excellency's command.

D. HARREL.

The local authority shall, thirty days after demand, pay to the party to whom any such certificate is given, or otherwise as herein provided in the cases hereinafter mentioned, the amount of moneys specified to be payable by such certificate to the party to whom or in whose favour such certificate is given, his or her executors, administrators, or assigns.

(17.) If the local authority wilfully make default in such payment as aforesaid, then the party named in such certificate shall be entitled to enter up judgment against the local authority in the High Court, for the amount of the sums specified in such certificate, in the same manner in all respects as if he had been, by warrant of attorney from the local authority, authorised to enter up judgment for the amount mentioned in the certificate, with costs, as is usual in like cases; and all moneys payable under such certificates, or to be recovered by such judgments as aforesaid, shall at law and in equity be taken as personal estate as from the time of the local authority entering on any such lands as aforesaid.

(18.) When and so soon as the local authority have paid to the party to whom any such certificate as aforesaid is given, or otherwise, as herein provided, in the cases hereinafter mentioned, the amount specified to be payable by such certificate to the party to whom or in whose favour the certificate is given, his executors, administrators, or assigns, it shall be lawful for the local authority, upon obtaining such receipt as hereinafter mentioned, from time to time to enter upon any lands in respect of which such certificate is given, and thenceforth to hold the same for the estate or interest in respect of which the amount specified in such certificate was payable.

(19.) In every case in which any moneys are paid by any local authority under this Act for such compensation as aforesaid, the party receiving such moneys shall give to the local authority a receipt for the same, and such receipt shall have the effect of a grant, release, and conveyance of all the estate and interest of such party, and of all parties claiming under or through him, in the lands in respect of which such moneys are paid, provided such receipt has an ad valorem stamp of the same amount impressed thereon in respect of the purchase moneys mentioned in such certificate as would have been necessary if such

receipt had been an actual conveyance of such estate or interest, every such receipt to be prepared by and at the cost of the local authority.

(20.) If it appear to the local authority, from any such statement and abstract as aforesaid, or otherwise, that the person making any such claim as aforesaid is not absolutely entitled to the lands, estate, or interest in respect of which his claim is made, or is under any disability, or if the title to such lands, estate, or interest be not satisfactorily deduced to the local authority, then and in every such case the amount to be paid by the local authority in respect of such lands, estate, or interest as aforesaid, shall be paid and applied as provided by the clauses of the Lands Clauses Consolidation Act, 1845, as amended by the Court of Chancery Funds Act, 1872, "with respect to the purchase money or compensation coming to parties having limited interests, or prevented from treating, or set making title."

(21.) Where any person claiming any right or interest in any lands refuses to produce his title to the same, or where the local authority have under the provisions of Part I. of this Act taken possession of any lands in respect of the compensation whereof, or of any estate or interest wherein, no claim has been made within one year from the time of the local authority taking possession, or if any party to whom any such certificate has been given or tendered refuses to receive such certificate, or to accept the amount therein specified as payable to him, then and in any such case the amount payable by the local authority in respect of such lands, estate, or interest, or the amount specified in such certificate, shall be paid into the Bank of England*, in manner provided by the last-mentioned clauses of the Lands Clauses Consolidation Act, 1845, as amended by the Court of Chancery Funds Act, 1872, and the amount so paid into the said Bank shall be accordingly dealt with as by the said Act provided.

(22.) Nothing herein contained shall prevent the local authority from requiring any further abstract or evidence of title respecting any lands included in any such award as aforesaid, in addition to the abstract or statement hereinbefore mentioned, if they think fit, so as the same be obtained at the cost of the local authority.

(23.) If from any reason whatever the local authority does not deliver the certificate aforesaid to any party claiming to be entitled to any interest in any lands the possession whereof has been taken by the local authority as aforesaid, then the right to have a certificate according to the provisions of this Act may, at the cost and charge of the local authority, be enforced by any party or parties, by application to the High Court, in a summary way by petition, and all other rights and interests of any party or parties arising under the provisions of this Act may be in like manner enforced against the local authority by such application as aforesaid.

Entry on Lands on making Deposit.

(24.) Where the local authority are desirous, for the purposes of their works, of entering upon any lands before they would be entitled to enter thereon under the provisions hereinbefore contained, it shall be lawful for the local authority, at any time after the arbitrator has framed his award, upon depositing in the Bank of England such sum as the arbitrator may certify to be in his opinion the proper amount to be so deposited in respect of any lands authorised to be purchased or taken by the local authority, and mentioned in such award, to enter upon and use such lands for the purposes of the improvement scheme of the local authority: and the arbitrator shall, upon the request of the local authority at any time after he has framed such award, certify under his hand the sum which, in his opinion, should be so deposited by the local authority in respect of any lands mentioned in such award before they enter upon and use the same as aforesaid, and the sum to be so certified shall be the sum or the amount of the several sums set forth in such award as the sum or sums to be paid by the local authority in respect of such lands, or such greater amount as to the arbitrator, under the circumstances of the case, may seem proper; and, notwithstanding such entry as aforesaid, all proceedings for and in relation to the completion of the award, the delivery of certificates, and other proceedings under Part I. of this Act, shall be had, and payments made, as if such entry and deposit had not been made;

* See section 35 (b) on page 138.

Provided that the local authority shall, where they enter upon any lands by virtue of this present provision, pay interest at the rate of five pounds per centum per annum upon the composition money payable by them in respect of any lands so entered upon, from the time of their entry until the time of the payment of such money and interest to the party entitled thereto, or where, under the provisions of Part I. of this Act, such compensation is required to be paid into the Bank of England*, then until the same, with such interest, is paid into such Bank accordingly; and where under this provision interest is payable on any compensation money the certificate to be delivered by the local authority in respect thereof shall specify that interest is so payable, and the same shall be recoverable in like manner as the principal money mentioned in such certificate.

(25.) The money so deposited as last aforesaid shall be paid into the Bank of England* to such account as may from time to time be directed by any regulation or Act for the time being in force in relation to moneys deposited in the bank in similar cases, or to such account as may be directed by any order of the High Court, and remain in the bank by way of security to the parties interested in the lands which have been so entered upon for the payment of the money to become payable by the local authority in respect thereof under the award of the arbitrator; and the money so deposited may, on the application by petition of the local authority, be ordered to be invested in Bank Annuities or Government securities, and accumulated: and upon such payment as aforesaid by the local authority it shall be lawful for the High Court, upon a like application, to order the money so deposited, or the funds in which the same shall have been invested, together with the accumulation thereof, to be repaid or transferred to the local authority, or, in default of such payment as aforesaid by the local authority, it shall be lawful for the said court to order the same to be applied in such manner as it thinks fit for the benefit of the parties for whose security the same shall so have been deposited.

Appeal.

(26.) In the following cases, namely—

- (a.) Where the party named in any certificate issued under the provisions hereinbefore contained of the amount of the compensation ascertained by any award under Part I. of this Act (or any party claiming under the party so named) is dissatisfied with the amount in such certificate certified to be payable, and such amount exceeds one thousand pounds, and
- (b.) Where any party claiming any interest in any moneys so paid into court as aforesaid is dissatisfied with the amount of the price or compensation in respect of which such moneys are paid into court, and such amount exceeds one thousand pounds; also

the party dissatisfied may, upon obtaining the leave of the High Court, which leave may be granted by such court or any judge thereof at chambers in a summary manner, and upon being satisfied that a failure of justice will take place if the leave is not granted, submit the question of the proper amount of compensation to a jury, provided that such party give notice in writing to the other party of their intention to appeal within ten days after the cause of appeal has arisen.

The cause of appeal shall be deemed to have arisen,—

* See section 25 (5) on page 128.

(1.) Where the local authority appeals that authority shall be deemed to be the plaintiff and the party entitled to compensation to be the defendant; and

(2.) Where the party claiming compensation appeals, then, in case the verdict of the jury is for a sum exceeding the award of the arbitrator, the local authority shall pay to such party the costs of the trial, such costs to be taxed and ascertained in the same manner as costs are by law ascertained on the trial of issues tried in the High Court; but in case the verdict of the jury is for a sum not exceeding the award of the arbitrator, the party appealing shall pay to the local authority the costs of the trial to be taxed and ascertained in manner aforesaid.

(3.) Where the local authority is the appellant,—

(a.) Notwithstanding the verdict of the jury may be for a sum less than that awarded by the arbitrator, the local authority shall pay to the other party such sum not exceeding twenty pounds for the costs of the trial as the sheriff or other officer before whom the same is tried shall direct; and

(b.) In case the verdict of the jury is for a sum equal to or exceeding the award of the arbitrator, the local authority shall pay to the other party the costs of the trial, such costs to be taxed and ascertained in manner aforesaid.

(c.) The amount of compensation awarded by the arbitrator shall not be communicated to the jury, but they shall be required to make an independent assessment of the amount of compensation to which the party claiming compensation is entitled.

Costs of Arbitration.

(28.) The salary or remuneration, travelling, and other expenses of the arbitrator, and all costs, charges, and expenses (if any) which may be incurred by the confirming authority in carrying the provisions of Part I. of this Act into execution, shall, after the amount thereof shall have been certified under this article, be paid by the local authority; and the amount of such costs, charges, and expenses shall from time to time be certified by the confirming authority after first hearing any objections that may be made to the reasonableness of any such costs, charges, and expenses by or on behalf of the local authority: and every certificate of the said confirming authority certifying the amount of such costs, charges, and expenses shall be taken as proof in all proceedings at law or in equity of the amount of such respective costs, charges, and expenses, and the amount so certified shall be a debt due from the local authority to the Crown, and shall be recoverable accordingly.

Sec 45 & 46
Vict. c. 54.
Sch. (II.)

Further, any such certificate may be made a rule of a superior court, on the application of any party named therein, and may be enforced accordingly.

(29.)—(1.) It shall be lawful for the arbitrator, where he thinks fit, upon the request of any party by whom any claim has been made before him, to certify the amount of the costs properly incurred by such party in relation to the arbitration, and the amount of the costs so certified shall be paid by the local authority;

Provided that—

See 45 & 46
Vick., c. 54.
Sch. (I.)

- (a.) The arbitrator shall not be required to certify the amount of costs in any case where he considers such costs are not properly payable by the local authority ;
- (b.) The arbitrator shall not be required to certify the amount of costs incurred by any party in relation to the arbitration, in any case where he considers that such party neglected, after due notice from the local authority, to deliver to that authority a statement in writing within such time, and containing such particulars respecting the compensation claimed, as would have enabled the local authority to make a proper offer of compensation to such party before the appointment of the arbitrator.
- (c.) No certificate shall be given where the arbitrator has awarded the same or a less sum than has been offered by the local authority in respect of the claim before the appointment of the arbitrator.

(2.) If within seven days after demand the amount certified be not paid to the party entitled to receive the same, such amount shall be recoverable as a debt from the local authority with interest at the rate of five per cent. per annum for any time during which the same remains unpaid after such seven days as aforesaid.

Miscellaneous.

(30.) The arbitrator may call for the production of any documents in the possession or power of the local authority, or of any party making any claim under the provisions of Part I. of this Act, which such arbitrator may think necessary for determining any question or matter to be determined by him under Part I. of this Act, and may examine any such party and his witnesses, and the witnesses for the local authority, on oath, and administer the oaths necessary for that purpose.

(31.) If any arbitrator appointed in pursuance of Part I. of this Act die, or refuse, decline, or become incapable to act, the confirming authority may appoint an arbitrator in his place, who shall have the same powers and authorities as the arbitrator first appointed; and upon the appointment of any arbitrator in the place of an arbitrator dying, or refusing, declining, or becoming incapable to act, all the documents relating to the matter of the arbitration which were in the possession of such arbitrator shall be delivered to the arbitrator appointed in his place, and the local authority shall publish notice of such appointment in the *London Gazette*.*

(32.) All notices required by this schedule to be published shall be published in some one and the same newspaper circulating within the jurisdiction of the local authority, and where no other form of service is prescribed all notices required to be served or given by the local authority under this schedule or otherwise upon any persons interested in or entitled to sell lands, shall be served in manner in which notices of lands proposed to be taken compulsorily for the purpose of an improvement scheme are directed by Part I. of this Act to be served upon owners or reputed owners, lessees or reputed lessees, and occupiers.
